X. THE GREBITUS CHALLENGE CUP

1. The Grebitus Challenge Cup Tournament will take place during a specified ~~fall~~ SAHJA horse show between the first full weekend in *March* and the last full weekend in November, and will be conducted under a prix de nations format *with both rounds held on the same day. A maximum of 10* jumper teams of four will ride *the first* round ~~each and be~~ judged *under Table II.* for time and penalties. ~~over an identical course for both rounds.~~ *The six teams plus any ties accumulating the least number of faults will be required to jump a second round, over an identical course and using the same table. Remaining teams may participate at the management's discretion.*
2. The jumper teams compete at three levels: *2'3", 2'6", 2'9"- 3'*. Teams must have one rider at each level and the final rider of the team may choose the level at which they compete. Substitution of horse or rider on a team may only be done with the permission of the show committee. A rider sash (provided by SAHJA) is to be worn, and coordinating Hunt coats, saddle pads, horse leg wear, etc is encouraged for each team. Teams must also declare a chef d'équipe.
3. Riders competing in the tournament must be junior or amateur members of SAHJA in good standing.
4. ~~Each rider will be scored for their round based on fewest faults in the fastest time over the course. At the end of Round 1, each team will drop their highest (most time and faults) of 4 scores. The remaining three scores will be added together for total time and total faults. In Round 2, the highest of the 4 scores (not necessarily the same rider) will again be dropped and the remaining three added together. Then the Round 1 and Round 2 overall team scores are combined for a grand total. Only the best (lowest) three scores of each team from each round will count toward the team's score. Teams of four will have a discard score in each round, teams of three will have no discard score. The winning team will be the team with the lowest combined scores from the two rounds.~~
5. Tournament will be conducted over two rounds using the same jumper course of not ~~less~~ *more* than 10 fences. There will be no jump-off. All riders at a particular level will jump their rounds, fences will be raised to the next height, and all riders at that height will jump their rounds, etc. When all riders have jumped once, first round scores will be tabulated and the second round may begin.
6. At the conclusion of the second round, scores will be tabulated and the winning team declared. ~~Team with the least amount of faults in the fastest combined time is the winner.~~ Ribbons are presented through 10th.
7. The winning team shall have their team name, the name of their chef d'équipe, and their names engraved on the Grebitus Challenge Cup, and each of the 4 members and the chef d'équipe will receive a small engraved commemorative cup for them to keep which will be presented
